SUPERVISOR COMMENTS

Tonight, is our first night of our workweek. Officers were very busy tonight with calls for service leaving little time to be proactive. Officers responded to vehicle accident with injuries and determined one of the drivers to be under the influence of alcohol. The driver was placed under arrest and booked into Jail. Officers contacted a male during a call for service involving the male being in a vehicle that did not belong to him. The male lied to Officers about his name during their contact with him. Officers were able to determine the males real name and he was booked into Jail on multiple charges.
